CAREER OBJECTIVES

Seeking an opportunity to begin my career in Information Technology, where I can utilize my academic knowledge, enhance my practical skills, and grow as a professional while supporting the company's objectives.

SKILLS

- **Web Technologies:** HTML, CSS, JavaScript, Tailwind, React Js
- **Backend Basics:** Node.js, Express.js
- **Database Management:** MongoDb , MySQL (basic CRUD operations, queries, joins)

Core Strengths:

- Quick learner with strong adaptability
- Basic problem-solving and debugging skills
- Team collaboration and effective communication

PROJECT

◈ AI Chat Assistant (ChatGPT-like Web Application)

Full Stack MERN + AI Integration Project

Tech Stack:
React.js, Redux Toolkit, Node.js, Express.js, MongoDB, LangChain, Google Gemini API, Mistral AI, Tailwind CSS

❖ Project Description:

Developed a full-stack AI-powered chat application inspired by ChatGPT and Perplexity AI. The system allows users to have real-time conversations with an AI assistant that can generate responses using large language models and fetch **live internet data for up-to-date answers**.

❖ AI Integration:

- Integrated **LangChain agent-based architecture**
- Implemented tool calling for live internet search
- Combined LLM + real-time data retrieval for accurate responses
- Optimized prompts for structured and professional AI answers

EDUCATIONAL QUALIFICATION

Qualification	Board / University	Year of passing	Percentage
BCA	Pune University	Pursuing	-
HSC	Maharashtra Board	2023	53.33%
SSC	Maharashtra Board	2021	80.20%

CERTIFICATE

- **Cohort 2.0 – Full Stack Web Development Program**
  Sheriyans Coding School
  Completed an intensive cohort focused on full-stack web development, including MERN stack, real-world project building, and deployment practices.

- **MS-CIT (Maharashtra State Certificate in Information Technology)**
  Maharashtra State Board / MSBTE Approved Program
  Gained foundational knowledge in computer literacy, MS Office tools, internet usage, and basic IT concepts.
